EXAMPLE PROPOSED EMAIL

This is the same subject and body the Get Involved page buttons open prefilled. Neighbors can send it as written, or tweak the closing with their own name. It is an example — not a new political message.

Subject: Attach DAB ENERGY TRUST (DABonData) to the next CDI/DRRA community-benefits agreement

Dear County leaders,

Please attach the DAB ENERGY TRUST (DABonData) meter-credit Trust as a ride-on to the next datacenter agreement / community-benefits package (DRRA) for Critical Digital Infrastructure in Frederick County.

Host communities Doubs, Adamstown, and Buckeystown are asking for operator-funded meter credits so farmers and rural neighbors can stay in their homes — not sell — and a grandfather clause that keeps Frederick looking like Frederick. Stay incentive, not a growth subsidy.
